

PowerSlice Systems

PROFESSIONAL IT SOLUTIONS

COMPANY BIO

PowerSlice Systems was founded in 2017 by Jason Hawsey, a software industry veteran with over 25 years of hands-on experience. Whether it's building new applications, enhancing legacy systems, or integrating advanced AI tools, we specialize in developing custom software solutions tailored to the unique needs of government departments and agencies.

CORE VALUES

PowerSlice Systems operates as a full stack software development shop that provides all services that companies or agencies need in order to develop, deploy and maintain critical information systems.

- **Integrity** - We Do The Right Thing.
- **Commitment** - We Keep Our Word.
- **Respect** - We Value People.
- **Excellence** - We Give Our Best.

CORE COMPETENCIES

- Custom Software Development
- Application Maintenance & Modernization
- Cross-Platform IT Systems Integration
- Data Collection & Analysis Tools
- AI-Enabled Software Solutions

DIFFERENTIATORS

- **25+ Years of Software Expertise**
Deep technical and real-world application knowledge across complex systems.
- **Full Lifecycle Support**
From planning and requirements gathering to deployment, maintenance, and scaling.
- **Cross-Industry Insight**
Experience from healthcare to construction, offering adaptable and practical solutions.
- **Founder-Led Communication**
Strong interpersonal skills that foster collaboration and clarify requirements.
- **Agile Methodology**
Rapid adaptation to change, incremental delivery, and ongoing customer feedback.
- **Legacy & Emerging Tech Ready**
Skilled in maintaining older systems while integrating modern technologies, including AI.
- **Exceptional Customer Service**
Client-centered approach with a commitment to clear communication and support.
- **Innovative Problem Solving**
Focused on identifying the right solution for each unique challenge.
- **Federal Experience**
Over two decades supporting software development for federal government clients.
- **Fast & Flexible Delivery**
Small-business agility that responds quickly to evolving agency needs.

RELEVANT EXPERIENCE

- **Department Of Veterans Affairs:** Utilized over 20 years of expertise in developing and managing the VistA electronic health record and CPRS systems.
- **Cell Tower Services:** Developed a custom ERP system with integrated web and mobile applications to enhance operations for a leading cell tower construction company. Responsible for ongoing application maintenance and enhancements.
- **Engineering Services Industry:** Led the development and deployment of software solutions to improve back-office operational efficiency.
